

# OLYMPIC PRO

Aluminum Alloy Forging Parts  
Steel Frames & Forks

# OLYMPICPRO

Olympic Pro Manufacturing Co., Ltd., was established in 2002 in Binh Duong Province Vietnam. Then moved to Nam Tan Uyen Industrial Park in 2011 for bigger factory.

OLY is a Taiwan-owned enterprise, all the technology and equipments are from TW.

OLY believes "People oriented" and "Localization", transfers the skill, technology and concept to vietnamese staff.

To Cultivate technical capabilities, To Stabilize product quality, To be innovative, creative and creative, Then TO Make OLY be a composite production factory.

建興工業於2002年越南平陽建廠，後擴大營業移廠至平陽南新洲工業區。

建興工業為台資公司，所有技術皆由台灣轉移至越南。

在越南深耕的建興，本著"以人文本"及"在地化"的理念，將技術及品質觀念授予越南本地員工，培養技術能力，穩定產品品質，具有創新、創意及創造力，使建興成為一個複合型的生產工廠。

OLY Owns Two Different Production Line in Same Place  
Different Material, Different Product Type

建興設有兩條不同的產品生產線  
不同的材質，不同的產品類型

# Aluminum Alloy Forging Parts

鋁合金鍛造零件

300 Tons, 600 Tons and 1300 Tons forging machines make the aluminum alloy parts from small to big one.  
OLY provides the service for welding aluminum alloy parts when customers request.  
Available material: AL-6061

廠內備有大、中、小型鍛造機台，供應客戶鋁合金鍛造零件，並提供鋁合金零件焊接服務

# Steel Frames and Forks

## 鋼管車架、前叉

To keep the traditional brass brazing technology and skill and develop the TIG welding production line. OLY provides the stable quality for all kinds of steel frames and forks.

OLY is the only one supplier in south of Vietnam.  
Available material: Hi-ten, CRMO 4130, Reynolds, Columbus

保有傳統銅焊技術，加以氬焊產品線，提供穩定的焊接品質。

結合復古融合現代的鋼管車架、前叉生產。  
南越唯一使用高碳鋼、鉻鉬鋼、品牌鋼管  
(Reynolds, Columbus)車架、前叉供應商

To Know More About OLY Details

In the 12,000m<sup>2</sup> place, the factory is small but fully equipped

更了解建興的細節

在12,000平方公尺的工廠，麻雀雖小，五臟俱全

# OLYMPICPRO

Strong staff keeps work go smoothly,  
Happy Co-work with all the staff

# Reliable Material Source

## 可信的物料來源

To Purchase reliable material to ensure the quality and strengthen confidence of OLY and customers.

採購可靠的物料來源，確保產品品質，強化自己及客戶的信心

# R&D Support

## 產品開發服務

To Provide RD support and discuss about the design during new project going in order to make the project go into mass smoothly.

開發時期提供技術支援，進行設計討論，使新產品達到可量產化

# Process in House

## 廠內加工製程

Over 80% machining process in house that will master production schedule in time. Milling, Tapping, Pressing, CNC process, Surface treatment, Packing...

超過80%廠內加工自製率，可精準掌握訂單進度

# QC-QA System

## 品質管理-品質保障系統

To implement QC job from material incoming inspection, first production inspection to process and final production check.

To provide QA service for customers that save the customer's QC cost and lower claim happened.

從物料進料品質檢驗、首件檢驗、生產線各工段到成品檢驗，落實QC作業。

提供QA代客驗貨服務，有效降低出貨後問題的反應。

# Complete Mold Room in House

## 完整模具製作部門

To make mold by OLYself that could save cost and shorten development time for customers.  
Clear mold management

模具自製化生產，為客戶降低模具成本，縮短開發時程

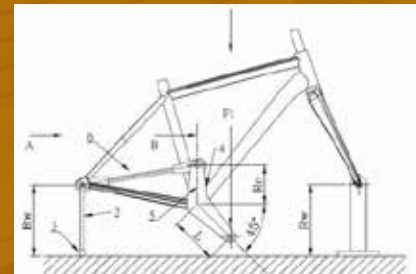

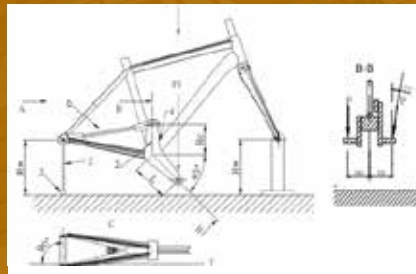

# Frame & Fork Testing Room

## 測試間

The test equipments in house to provide ISO-4210 and EN-15194 test standard for customers.

廠內設有標準測試機台，提供 ISO-4210及 EN-15194車架及前叉測試服務

# Inspection Equipment

## 檢驗設備

Coordinate measuring machine can accurately confirm the mold size. Electronic hardness machine can test the hardness of materials and products more quickly.

三次元檢驗設備，準確確認模具尺寸，電子式硬度機，檢驗物料及產品硬度更迅速

Appreciate all the OLY staffs work  
with us and to be OLY FAMILY
